

# Pre-Vaccination Checklist for COVID-19 Vaccines

## For vaccine recipients:

The following questions will help us determine if there is any reason you should not get the COVID-19 vaccine today.

**If you answer "yes" to any question, it does not necessarily mean you should not be vaccinated.** It just means additional questions may be asked. If a question is not clear, please ask your healthcare provider to explain it.

Patient Name .....

Age .....

	Yes	No	Don't know
1. Are you feeling sick today?			
2. Have you ever received a dose of COVID-19 vaccine?			
<ul style="list-style-type: none"> <li>• If yes, which vaccine product?</li> <li><input type="checkbox"/> Pfizer</li> <li><input type="checkbox"/> Moderna</li> <li><input type="checkbox"/> Another product .....</li> </ul>			
3. Have you ever had a severe allergic reaction (e.g., anaphylaxis) to something? For example, a reaction for which you were treated with epinephrine or EpiPen®, or for which you had to go to the hospital?			
<ul style="list-style-type: none"> <li>• Was the severe allergic reaction after receiving a COVID-19 vaccine?</li> <li>• Was the severe allergic reaction after receiving another vaccine or another injectable medication?</li> </ul>			
4. Have you received passive antibody therapy (monoclonal antibodies or convalescent serum) as treatment for COVID-19?			
5. Have you received another vaccine in the last 14 days?			
6. Have you had a positive test for COVID-19 or has a doctor ever told you that you had COVID-19?			
7. Do you have a weakened immune system caused by something such as HIV infection or cancer or do you take immunosuppressive drugs or therapies?			
8. Do you have a bleeding disorder or are you taking a blood thinner?			
9. Are you pregnant or breastfeeding?
