

# BUTLER COUNTY ENVIRONMENTAL HEALTH

## GRANTS TO COUNTIES PROGRAM

### FREE WATER TESTING FOR PRIVATE WATER WELLS (\$130 VALUE)

- You are under **NO OBLIGATION** to treat or change your water supply should it be deemed unsafe. *\*Private water supplies are unregulated.*
- Preference is to test from your indoor drinking water faucet. However if you are unable to be present during the test, we simply need your permission to collect a water sample from an outdoor source.
- By having your water tested, you are ensuring your water is contaminant free for all users. Test includes Total Coliform Bacteria, E.Coli, Nitrates & Arsenic.

**Call 319-267-2934 to schedule your FREE water test!!!**

[Well Plugging]

### Abandoned Well & Cistern Plugging Cost Share

Starting July 1, 2015, Butler County will reimburse up to \$500.00 per well plugged.

Cistern reimbursement will stay at \$150.00.

### Well Rehabilitation Cost Share

Butler County also reimburses a property owner for rehabilitating existing private water wells. This reimbursement will also increase up to \$1,000.00 per well on July 1, 2015. Contact the Butler County Environmental Health Specialist to see if your well qualifies.
